Keynote Speakers

- **Sandra Shi, MD, MPH – EHR/Claims-based Measures**
Instructor of Medicine, Marcus Institute for Aging Research, Beth Israel Deaconess Medical Center, Harvard Medical School
- **Tingzhong (Michelle) Xue, PhD-c, RN – Person-Centered Measures**
PhD Candidate, Duke University School of Nursing
- **Natalia Festa, MD, MBA – Universal Outcome Measures**
Doctoral Candidate, Yale Investigative Medicine Program
Research Fellow, Yale Program on Aging and National Clinician Scholars Program

Moderators

Michael Steinman, MD

Professor of Medicine, UCSF
Co-Principal Investigator, US Deprescribing Research Network

Sarah Berry, MD, MPH

Associate Director, Musculoskeletal Research Center,
Hinda and Arthur Marcus Institute for Aging
Research Associate Professor of Medicine, Beth Israel
Deaconess Medical Center, Harvard Medical School

This webinar will review approaches and concepts for measuring multimorbidity and related domains using EHR and claims data, person-centered, and universal outcome measures.

The AGS/AGING Learning, Educating, And, Researching National Initiative in Geriatrics ("LEARNING") Collaborative, an R25 grant from the National Institute on Aging (NIA), has been awarded to the American Geriatrics Society in partnership with the Health Care Systems Research Network (HCSRN)-Older Americans Independence Centers (OAICs) AGING (Advancing Geriatrics Infrastructure and Network Growth) Initiative. The Collaborative aims to fill educational and training gaps in multiple chronic conditions (MCCs) research.
